CORPORATE GOVERNANCE GUIDELINES

INTRODUCTION

The Board of Directors is committed to fulfilling its statutory mandate to supervise the management of the business and affairs of the Company with the highest standards of ethical conduct and in the best interests of the Company and its shareholders. The Board of Directors, acting on the recommendation of its Corporate Governance and Nominating Committee, has adopted these corporate governance guidelines to promote the effective functioning of the Board of Directors and its committees, to promote the interests of shareholders, and to establish a common set of expectations as to how the Board of Directors, its various committees, individual directors and senior management should perform their functions.

GUIDELINES

Board of Directors’ Responsibilities

The business and affairs of the Company are managed by or under the supervision of the Board of Directors in accordance with applicable legislation, regulatory requirements and policies of the Canadian Securities Administrators. The responsibility of the Board of Directors is to provide direction and oversight. The Board of Directors approves the strategic direction of the Company and oversees the performance of the Company's business and senior management. The senior management of the Company is responsible for presenting strategic plans to the Board of Directors for review and approval and for implementing the Company's strategic direction.

In performing their duties, the primary responsibility of the directors is to exercise their business judgment in what they reasonably believe to be the best interests of the Company. In discharging that obligation, directors should be entitled to rely on the honesty and the integrity of the Company's senior management and outside advisors and auditors. The directors also should be entitled to have the Company purchase reasonable directors' and officers' liability insurance on their behalf, and to the benefits of indemnification to the fullest extent permitted by applicable law and to exculpation as provided by applicable law.

In fulfilling its statutory mandate and discharging its duty of stewardship of the Company, the Board of Directors assumes responsibility for those matters set forth in its Charter (which also is its mandate), a copy of which is attached as **Schedule 1**.

Board of Directors’ Size

It is the current view of the Board of Directors that the Board of Directors should consist of no more than 9 members to facilitate its effective functioning.

Chairman of the Board of Directors

The Board of Directors believes that the Chairman should be a director who is independent and not a member of senior management who is appointed by the Board of Directors. The Chairman should carry out his responsibilities in accordance with the written position description.

Selection of Directors

As provided in the Corporate Governance and Nominating Committee's Charter, the Corporate Governance and Nominating Committee will be responsible for identifying and recommending to the Board of Directors individuals qualified to become members of the Board of Directors, based primarily on the following criteria:

- judgment, character, expertise, skills and knowledge useful to the oversight of the Company's business,
- diversity of viewpoints, backgrounds, experiences and other demographics,
- business or other relevant experience, and
- the extent to which the interplay of the individual's expertise, skills, knowledge and experience with that of other members of the Board of Directors will build a board that is effective, collegial and responsive to the needs of the Company.

The Corporate Governance and Nominating Committee also will be responsible for initially assessing whether a candidate would be independent (and in that process applying the Categorical Standards for Determining Independence of Directors (that are appended to the Board of Directors Charter) and advising the Board of Directors of that assessment.

The Board of Directors, taking into consideration the recommendations of the Corporate Governance and Nominating Committee, will be responsible for selecting the nominees for election to the Board of Directors, for appointing directors to fill vacancies, and determining whether a nominee or appointee is independent.

Election of Directors

Each director should be elected by the vote of a majority of the shares represented in person or proxy at any meeting for the election of directors. If any nominee for election as director receives, from the shares voted at the meeting in person or by proxy, a greater number of votes "withheld" than votes "for" his or her election, the director will be expected to promptly tender his or her resignation to the Chairman of the Board of Directors following the meeting, to take effect upon acceptance by the Board of Directors. The Corporate Governance and Nominating Committee will expeditiously consider the director's offer to resign and make a recommendation to the Board of Directors whether to accept that offer. Within 90 days of the meeting of shareholders, the Board of Directors will make a final decision concerning the acceptance of the director's resignation and announce that decision by way of a news release. Any director who tenders his or her resignation will not participate in the deliberations of the Board of Directors or any of its committees pertaining to the resignation. This process applies only in circumstances

involving an “uncontested” election of directors – where the number of director nominees does not exceed the number of directors to be elected and where no proxy materials are circulated in support of one or more nominees who are not part of the slate supported by the Board of Directors for election at the meeting. If any director fails to tender his or her resignation as contemplated in this paragraph, the Board of Directors will not re-nominate that director. Subject to any corporate law restrictions, where the Board of Directors accepts the offer of resignation of a director and that director resigns, the Board of Directors may exercise its discretion with respect to the resulting vacancy and may, without limitation, leave the resultant vacancy unfilled until the next annual meeting of shareholders, fill the vacancy through the appointment of a new director whom the Board of Directors considers to merit the confidence of the shareholders, or call a special meeting of shareholders to elect a new nominee to fill the vacant position.

Continuation as a Director

Directors who have passed their 70th birthday will not be eligible for re election unless a specific determination to the contrary is made by the Board of Directors upon the recommendation of the Corporate Governance and Nominating Committee.

When a director's principal occupation or business association changes substantially from the position he or she held when originally invited to join the Board of Directors (determined by reference to factors such as country of principal residence, industry affiliation, etc.), that director should tender a letter of proposed resignation to the Chair of the Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee will review that director's continuation on the Board of Directors and recommend to the Board of Directors whether, in light of all the circumstances, the Board of Directors should accept the proposed resignation or request that the director continue to serve.

Committee Membership

Each of the Audit Committee, the Compensation Committee, the Corporate Governance and Nominating Committee and the Environmental, Health and Safety Committee will be composed of no fewer than three members, each of whom will satisfy the membership criteria set out in the relevant committee charter. Members of committees will be appointed by the Board of Directors upon the recommendation of the Corporate Governance and Nominating Committee. A director may serve on more than one committee and committee membership may be rotated periodically as necessary or advisable. The Board of Directors, taking into account the recommendation of the Corporate Governance and Nominating Committee, generally will designate one member of each committee as chair of that committee. Committee chairs shall carry out their responsibilities in accordance with their respective written position descriptions. Committee chairs may be rotated periodically as well.

Evaluating Board of Directors and Committee Performance

The Board of Directors and each committee will conduct an annual self-evaluation as provided in its respective charter.

Board of Directors and Committee Meetings

The Board of Directors and each committee should meet as provided in its respective charter.

An agenda for each meeting of the Board of Directors and each committee meeting will be provided to each director and each member of the relevant committee. Any director or member of a committee may suggest the inclusion of subjects on the agenda of meetings of the Board of Directors or a committee. Each director and each member of a committee is free to raise at a meeting of the Board of Directors or a committee meeting, respectively, subjects that are not on the agenda for that meeting.

Materials provided to the directors for meetings of the Board of Directors and committee meetings should provide the information needed for the directors and members of the committee, respectively, to make informed judgments or engage in informed discussions.

To ensure free and open discussion and communication among directors, the independent directors will meet in executive session (with no members of senior management or non-independent directors present) after every regularly scheduled meeting of the Board of Directors and otherwise as those directors determine. The Chairman will preside at these executive sessions, unless the directors present at such meetings determine otherwise. Any interested party may communicate directly with the Chairman, who may invite such person to address an executive session.

Unless the Chair of a committee otherwise determines, the agenda, materials and minutes for each committee meeting will be available on request to all directors, and all directors will be free to attend any committee meeting. All meetings of a committee will have a session in which the members of the committee will meet with no non-committee members present and, at any time in a meeting of a committee, directors who are not members may be asked to leave the meeting to ensure free and open discussion and communication among members of the committee. Directors who are not members of a committee will not be compensated for attending meetings of that committee.

Director Compensation

As provided for in the Compensation Committee's Charter, the form and amount of director compensation will be determined by the Board of Directors upon the recommendation of the Compensation Committee.

Share Ownership Guidelines

Each director is required to acquire common shares of the Company having an initial acquisition value equal to three times his or her annual retainer. Directors are expected to achieve this level of ownership within five years from the date they become directors. Directors may apply the deferred share units that they receive as payment for all or part of their annual retainer towards this minimum equity ownership requirement. If the annual retainer is increased, all directors are required to achieve the increased minimum equity ownership level within two years of the effective date of the increase in the annual retainer. For greater certainty, the determination as to whether a director has met this minimum equity ownership level will be made with reference to

the value of the common shares (or deferred share units) at the time of their acquisition, and not the then current market price.

Expectations of Directors

The Board of Directors has developed a number of specific expectations of directors to promote the discharge by the directors of their responsibilities and to promote the efficient conduct of the Board of Directors.

Commitment and Attendance. All directors should strive to attend all meetings of the Board of Directors and the committees of which they are members. Attendance by telephone or video conference may be used when necessary to facilitate a director's attendance.

Participation in Meetings. Each director should be sufficiently familiar with the business of the Company, including its financial statements and capital structure, and the risks and the competition it faces, to ensure active and effective participation in the deliberations of the Board of Directors and of each committee on which he or she serves.

Loyalty and Ethics. In their roles as directors, all directors owe a duty of loyalty to the Company. This duty of loyalty mandates that the best interests of the Company take precedence over any other interest possessed by a director. Directors should conduct themselves in accordance with the Company's Code of Business Conduct and Ethics.

Interlocking Directorships. Without the approval of the Corporate Governance and Nominating Committee, no director should serve on more than one other public company board of directors on which another director of the Company serves.

Contact with Senior Management and Employees. All directors should be free to contact the Chief Executive Officer and other members of the Company's senior management at any time to discuss any aspect of the Company's business. The Board of Directors expects that there will be frequent opportunities for directors to meet with the Chief Executive Officer and other members of senior management in meetings of the Board of Directors and committees, or in other formal or informal settings.

Confidentiality. The proceedings and deliberations of the Board of Directors and its committees are confidential. Each director will maintain the confidentiality of information received in connection with his or her service as a director.

Orientation and Continuing Education

Senior management, working with the Board of Directors, will provide appropriate orientation and education for new directors to familiarize them with the Company and its business, as well as the expected contribution of individual directors. All new directors will participate in this program orientation and education, which should be completed within four months of a director first joining the Board of Directors. In addition, senior management will schedule periodic presentations for the Board of Directors to ensure they are aware of major business trends and industry practices as and when required.

The Board of Directors has adopted a set of categorical standards for determining whether directors satisfy those requirements for independence. A copy of those standards is attached as **Appendix A**. A majority of the Board of Directors shall be "resident Canadians", as contemplated by the *Canada Business Corporations Act*.

Appendix A

**CATEGORICAL STANDARDS FOR DETERMINING
INDEPENDENCE OF DIRECTORS**

For a director to be considered independent under the policies of the Canadian Securities Administrators, he or she must have *no direct or indirect material relationship with the Company*, being a relationship that could, in the view of the Board of Directors, reasonably interfere with the exercise of a Director’s independent judgement.

The Board of Directors, upon the recommendation of the Corporate Governance and Nominating Committee, has considered the types of relationships that could reasonably be expected to be relevant to the independence of a director of the Company. The Board of Directors has determined that:

1. A director’s interests and relationships arising solely from his or her (or any immediate family members’¹) shareholdings in the Company are not, in and of themselves, a bar to independence.
2. Unless a specific determination to the contrary is made by the Corporate Governance and Nominating Committee as a result of there being another direct or indirect material relationship with the Company, a director will be independent unless currently, or at any time within the past three years, he or she or any immediate family member:
 - **Employment:** Is (or has been) an officer or employee (or, in the case of an immediate family member, an executive officer) or (in the case of the director only) an affiliate² of the Company or any of its subsidiaries or affiliates (collectively, the “**Company Group**”) or is actively involved in the day-to-day management of the Company;
 - **Direct Compensation:** Receives (or has received) direct compensation during any twelve-month period from the Company Group (other than director fees and committee fees and pension or other forms of deferred compensation for prior service, provided it is not contingent on continued service)³ ;

¹ A (i) spouse, parent, child, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, or (ii) any person (other than domestic employees) who shares that director’s home.

² A company is a subsidiary of another company if it is controlled, directly or indirectly, by that other company (through one or more intermediaries or otherwise). An “Affiliate” of a person is a person that, directly or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with the first person.

³ Employment as an interim chair or an interim Chief Executive Officer need not preclude a director from being considered independent following the end of that employment. Receipt of compensation by an immediate family member need not preclude a director from being independent if that family member is a non-executive employee.

- Auditor Relationship. Is (or has been) a partner or employee of a firm that is the Company's internal or independent auditor (provided that in the case of an immediate family member, he or she participates in its audit, assurance or tax compliance (but not tax planning practice)) and if during that time, he or she or an immediate family member was a partner or employee of that firm but no longer is such, he or she or the immediate family member personally worked on the Company's audit;
- Material Commercial Relationship. Has (or has had), or is an executive officer, employee or significant shareholder of a person that has (or has had), a significant commercial relationship with the Company Group;
- Cross-Compensation Committee Link. Is employed as an executive officer of another entity whose compensation committee (or similar body) during that period of employment included a current executive officer of the Company.
- Material Association. Has (or has had) a close association with an executive officer of the Company.

Notwithstanding the foregoing, no director will be considered independent if applicable securities legislation, rules or regulations expressly prohibit such person from being considered independent.
